Keyed YRL216
Key Free YRL236

Keyed YRL226
Key Free YRL256

Trusted every day

Assure Lever® Features

Tamper-Proof Model

Available 100% key free so it can't be picked and there are no keys to lose.

One-Touch Locking

Lock the door behind you by just touching the keypad.

Simple Installation

Replaces existing knob or lever in minutes. Fits on standard doors.

Backlit Keypad

Keypad wakes with a touch and has numbers that won't wear off.

Share Access

Manage entry codes or virtual keys (with a smart home system) for people you trust.

Optional Settings

Customize auto re-lock and tamper alarms within the lock settings.

Voice Assistance

Touchscreen models guide you through the menu in 3 languages.

Locks Automatically

Enable Auto Relock to ensure your door is always locked.

Battery Back-Up

Never lose power, the levers can be energized with a 9V battery.

Works with your smart home

Upgrade any Assure Lever to integrate seamlessly with your smart home or alarm system.*

Just plug a Yale Smart Module into the slot above the lever's battery compartment. Modules can be sold separately or included with the lever.

* Features may vary with integration system.

Monitor, lock and unlock from anywhere

View access history of who's entered your home

Receive notifications on your smartphone

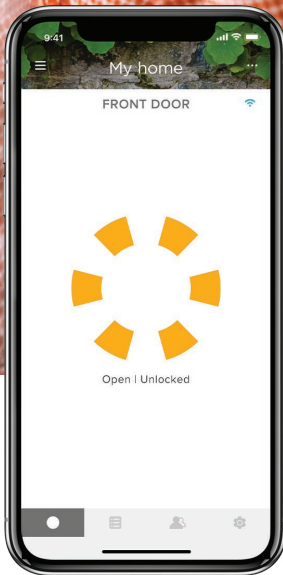

Set schedules for your lock

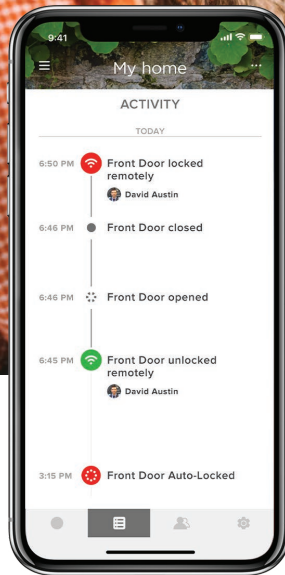

Create entry codes for friends and family from your smartphone

Works with Yale Access

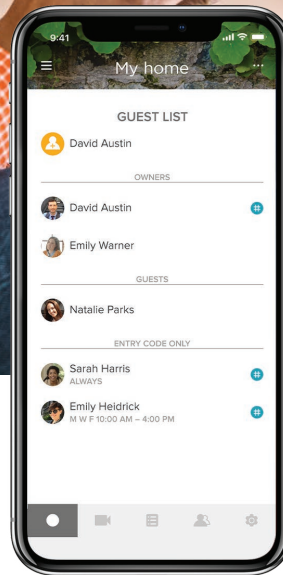

Control from anywhere

Lock and unlock your door from your app, anywhere in the world.

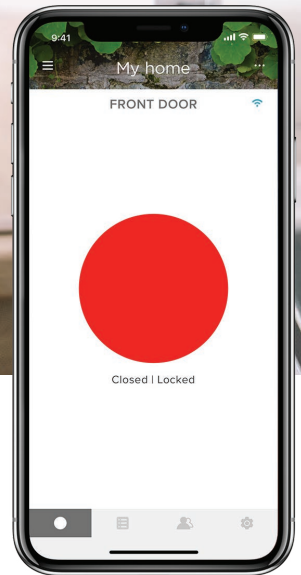

See access history

Receive real-time notifications and view a 24/7 activity feed.

Share access with others

Manage entry codes or virtual keys for people you trust.

DoorSense™

Check the status of the door and see if your door is securely closed and locked.

Connects with:

Unlocks automatically as you approach via Bluetooth
